COMPANY.

Presenting Harriet Beecher Stowe's great story of American history, "Uncle Tom's Cabin," as a scale of magnificence never before attempted.

**Everything Entirely New and Original.**  
Popular Prices--25, 50 and 75c.  
Wait for our Grand Street Parade  
Sale of seats opens at the box office Friday morning at 9 o'clock.

FULL LINE OF  
**Baby Carriages**  
JUST OPENED AT  
**WHELOCK'S.**

Handsome and cheaper than ever than ever this spring. See our \$5.00 Dinner Sets and China and Glassware just received from the factories

We Are Selling  
**CLOAKS**  
At Half Price.

## ARCHIE REID.

## J.M. BOSTWICK & SONS.

## JUDGE FOR YOURSELF.

We name below three exceptional inducements. We want you to come in and judge for yourself as to whether you think they are what we say they are; the greatest bargains the world ever produced:

**FIRST. 50-inch WOOL DRESS GOODS**, full width, tricot finish at 25 cents.

**SECOND. 36-inch STRIPED FLANNEL SUITINGS**, all wool, formerly 50c our price 25 cents.

**THIRD. Heavy BEAVER Shawls**, reversible, knotted fringes, worth \$8.00, at \$5.

Bring in your old frame-umbrella frame--and have one of the F. P. Robinson Detachable covers put on.

## WHAT INDIANS WANT.

Red Men Confer With Secretary Noble.

THEY INFORM HIM OF THEIR DESIRES.

John Grass, American Horse and Young Man-Afraid-of-His-Horses sustain their reputations as orators. The Secretary's Reply.

A PRIZE FIGHT.  
WASHINGTON, Feb. 9.--The conference between Secretary Noble and the Sioux Indian delegation was begun Saturday at the Interior Department. The Secretary of War and Mrs. Proctor were present, and also the wife of Secretary Noble and Miss Halstead. Others prominent in the work for the Indians were interested spectators. The conference opened by Secretary Noble, who said:

"You were represented here just after the agreement with General Crook was made. You made certain requests and complaints at that time and you received certain promises from me. There has been trouble since then, and you have come again to say 'That you think proper as to the cause of that trouble and to make any further complaints you see fit.' The Secretary is here to tell you that he has kept his word, but if there is anything more he can do, through friendship for the Sioux, he is ready to do it. He is your friend, and the Great Father has told him to be your friend. He wants you to talk to him as a friend and he will meet you in the same spirit."

The Secretary then asked if the Indians had made any arrangements about speakers. He could not hear them all, but he would listen to a few and he desired them to speak briefly. He added that if no objection was made he would hear John Grass, Hollow Horn Bear, American Horse, Two Strike, Hump and Young Man-Afraid-of-His-Horses.

John Grass then came forward. Rev. C. S. Cook, the Episcopal minister at Pine Ridge, acted as interpreter. Grass at once began to speak of the recent trouble among the Indians, the origin of which he did not know. They had come for the purpose of conferring with the Secretary in regard to the matter. The Indians, he said, did not desire to be driven back to their wild life, but wished to consult with the President, so as to determine upon the future. The Indians thought it desirable that the agents should be civilians rather than military. In the past, he said, the Indian agents had opportunities to steal, but now it was difficult for them to adopt such practices. The agents in late years, he said, were good men. In speaking of his own reservation, that of Standing Rock, he threatened trouble had been put down by the Indian police. They believed in the Indian police and he was requested to ask for an increase of fifty men. Grass then shook hands with the Secretary and took a seat.

American Horse was the next speaker. He displayed considerable natural ability and made a graceful preface to his remarks, referring in complimentary terms to the Secretary and the ladies present. The Government, he said, had made mistakes in its attempts to civilize the Indians. He proceeded to enumerate the mistakes. Instead of the positions at the agencies being filled by Indians, white men crowded them out and took the places. What his people wanted was a chance to rise and fill the positions of trust and consequence that were within their reach. He then spoke of religious matters and said that there were three religious bodies on their reservation who were trying to teach them to live better lives and especially to bring about religious marriages.

Young Man-Afraid-of-His-Horses said he hoped the Government would not only educate the children but would also give them something to do when they finished at school.

Two Strike said he had made peace with General Miles and was now going to do what he could to maintain it.

Hump said that about 300 of his people had been killed, and there should be some consideration shown the survivors. He wanted the rations increased and continued.

Hollow Horn Bear and Medicine Bull talked briefly, and then Secretary Noble spoke to the Indians. He said the Indian must not be discouraged. He would be supported as long as he endeavored to do well. There were two sides to the question of what is due the Indian and what is due from the Indian. Up to 1884 the Sioux had been given \$42,000,000 by the Government. The Government acknowledges its treaties and agreements with the Sioux. Since 1884, when this money was paid, there has been much more money paid, according to the treaty. The Secretary then quoted statistics as to the issue of the Indians. The schools the Indians want have been kept up at the agencies, and incentives, such as they want, have been established at Pierre, and another school will be put up at Flandreau. Farmers have been kept at the different agencies to show the Sioux how to farm the land. It was a mere accident that \$100,000 should have been cut off the Sioux appropriation immediately after the agreement with General Crook. It would have been the same if there had been no agreement. These things should convince the Sioux that the Government has been trying to do what was right for the Indians.

In conclusion the Secretary advised the Indians to think over the many things the Government had done for them; to look at the promises made by General Crook and to have confidence in what he said. The Secretary said he wanted the Indians to make up their minds to do the best they could to educate, or to have educated, their children, and never to let their young men dream that they could ever get anything by force from the United States. The Secretary closed his speech with renewed assurance of friendship.

Hatching Whitefish at Duluth.  
DULUTH, Feb. 9.--The United States fish hatchery has received 25,000 whitefish eggs from Alpena, Mich. They will be planted and hatched in about three months.

The road between Ouray, Col., and Fronton is completely blocked by snow-slides for a distance of 1,500 feet. The agent of the stage company says they expect to get the mail through on snow-shoes or on horseback.

Sam Jones' Brother Acquitted.  
CHATTANOOGA, Tenn., Feb. 9.--Charles Jones, a brother of Rev. Sam Jones, has been acquitted of murder at Cartersville, Ga., the family home of the evangelist when off the road. Some months ago Charles Jones shot and killed one of the most prominent negroes in the town, and for several days past has been on trial. The jury was out but a short time. It was proven that the negro was advancing on Jones with a knife in his hand.

May Nominate Stanford.  
NEW YORK, Feb. 9.--A special to the Sun from Washington says: There is undoubtedly a movement on foot among the Farmers' Alliance men in Washington and throughout the country looking to the nomination of Senator Stanford for President.

Fire-Bugs at Work.  
Four Blazes Started by Incendiaries at Sioux City, Ia.--Property Worth \$250,000 Destroyed.

SIoux CITY, Ia., Feb. 9.--Four incendiary fires were started in this city Sunday night, and as a result property valued at \$250,000 was destroyed and the city is in a state bordering on panic. At 7:30 p.m., while a high wind was prevailing, an alarm of fire was turned in from the Hunt school, calling out the entire department. While the firemen were working on this fire another alarm was turned in from Tolerton & Stetson's wholesale grocery business. The building was a four-story brick, and supposed to be fire-proof, but the flames spread from floor to floor, consuming everything like so much tinder. The building was erected two years ago at a cost of \$100,000, and was insured for about \$60,000. The stock was valued at \$100,000, upon which there was an insurance at a rough estimate of \$60,000. The loss is total upon building and stock. Three car-loads of matches had been stored in the building a few days ago. The flames soon spread to the lucifers and in a moment the whole structure was enveloped in a blaze.

While the Tolerton & Stetson fire was raging the Lyons gun store, less than two blocks away, was discovered on fire. The badly crippled department sent one hose team to work on the building, but it was a two-story wooden structure, was soon burned to the ground together with contents. The upper floor was occupied by two families, and it was rumored two children had been burned to death. Inquiries at the police station failed to verify the rumor. The fires were clearly the work of incendiaries, none it is supposed, for the purpose of robbery. The chances are that if the incendiaries are caught it will go hard with them. Nearly every business man in the city has placed a watchman in his premises, and more trouble is feared. An attempt was made at 11:30 to start another fire in a second-hand store in Pearl street, between Third and Fourth, but the blaze was discovered and squelched by the firemen.

## HIDDEN UNDER DRIFTS.

Big Fall of Snow in the Northwest.

A BIG BLIZZARD RAGES FOR HOURS.

A Severe Storm Sweeps Over South Dakota, Minnesota, Nebraska and Iowa--Trains Delayed--Wires Levelled in the East.

A FIERCE TEMPEST.

MINNEAPOLIS, Minn., Feb. 9.--A heavy snow-storm raged all day Sunday and it is drifting badly. The storm is pretty general in the Northwest, although North Dakota seems to have escaped to a considerable extent. A hard storm was reported at Minto, in the north-eastern part of that State, but there is said to be no storm at Grand Forks, Fargo or Bismarck. In South Dakota the storm that was raging at Rapid City has extended over the entire State. Aberdeen, Huron, Pierre and other points reported a very severe blizzard. At Pierre a regular New York blizzard started Saturday night and is continuing without abatement. There is not enough snow here to do much damage. Trains will not be blocked unless there is a good deal more snow east. It is very cold, with the thermometer below zero.

At Huron a terrific wind and snow-storm has prevailed. The velocity of the wind is thirty-five to forty miles an hour and directly from the north. The snow is blown in blinding clouds and is piled in huge drifts. The storm is almost equal to the memorable blizzard of January 12, 1888, but the weather is not so cold. The storm prevails in about the same fury throughout the State. Railway traffic is greatly interrupted. At Aberdeen the storm is from the northwest. The mercury dropped to 10 below zero Sunday morning and clouds of snow and dust fill the air, making it the coldest, most disagreeable day of the winter.

St. Paul, Minn., Feb. 9.--The storm which set in here at daylight Sunday morning increased in fury all day, and, driven by a twenty-mile wind, is causing considerable delay in traffic on both the steam and street railway service. In Northern Iowa some trains are abandoned, in South Dakota two-thirds of them are behind time, and in Southern Minnesota delays from one to three hours are common.

At 7 o'clock Sunday night the thermometer indicated 10 degrees below at St. Vincent, Minn.; 12 degrees below at Moorhead, Minn.; 2 degrees below at Bismarck, and 8 degrees below at Fort Buford. The blizzard did not appear in North Dakota, but was confined to South Dakota, Nebraska, Iowa, Minnesota and Wisconsin, being severest in South Dakota.

OMAHA, Neb., Feb. 9.--The worst snow-storm of the season has prevailed in Nebraska since early Sunday morning. The accompanying high wind causes many deep drifts and railroad traffic is greatly impeded. All trains from the west are delayed from eight to twenty-five hours. The snow-storm here has nearly blocked street-car traffic. Reports from all portions of the State show that the storm is very severe. In the northwestern part of the State the blizzard has been raging for hours and people dare not venture away from their houses. In the southern part of the State the snow is reported to have drifted from four to ten feet deep.

SIoux CITY, Ia., Feb. 9.--A fierce blizzard has been in progress here. Six inches of snow have fallen.

LA CROSSE, Wis., Feb. 9.--A heavy snow-storm began here early Sunday afternoon, a brisk wind blowing and drifting the snow badly.

CHEYENNE, Wyo., Feb. 9.--An old-time blizzard set in at 9 o'clock Saturday night and raged all through this country for twenty hours. The thermometer can not be coaxed above zero. There is dire disaster on the range. Cattle have been chilled and sheep killed. The latter collected in bunches and thus died by the wholesale.

ALBUQUERQUE, N. M., Feb. 9.--There is three inches of snow on the ground in the valley. Stockmen report great distress among stock, and especially sheep, which are freezing to death. Passenger train traffic is greatly impeded.

THE STORM IN THE EAST.

ALBANY, N. Y., Feb. 9.--The effects of the storm in this city can be summed up briefly by saying that the present conditions here are, on a smaller scale, exactly those that existed in New York City two weeks ago. The telephone service is suspended, the streets are in darkness, the electric cars have ceased running, the fire-alarm circuits are down and many telegraph wires are useless. The damage to the telephone company is estimated at \$10,000.

AUBURN, N. Y., Feb. 9.--A violent snow-storm set in about 3 o'clock Saturday afternoon and continued without abatement until midnight. The snow was wet and soon loaded trees and wires to such an extent that the telegraph wires began going down in all directions, and large numbers of shade and fruit trees were blown down and ruined. The snow is now frozen solid to the wires, which show in many places an actual measurement of thirteen inches in circumference.

Death of Davy Crockett's Old Pal.  
NEW ALBANY, Ind., Feb. 9.--Benjamin F. Fuller died Sunday at his home in the suburbs of this city. The deceased was a messmate of the celebrated Davy Crockett during the war between Texas and Mexico for the former's independence. He was also a veteran of the Mexican and civil wars.

Insurance Companies Combine.  
CHICAGO, Feb. 9.--An agent of a leading foreign insurance company has received a cable dispatch announcing the Liverpool and London and Globe Insurance Company and the Scottish Union and National Insurance Company had consolidated, with combined assets of \$61,000,000.

AN EARTHQUAKE.

NEW YORK, Feb. 9.--The Sun editorially says, that a proclamation may be expected from President Harrison before the 20th inst., calling an extra session of the United States Senate after March 4. It may also be presumed that the business to be brought before this called session will be of more than usual importance.

## TO-DAY'S ANNIVERSARIES.

1773—Commodore Truxton captured the French man-of-war, *Insurgente*, 49 guns and 600 men.  
1801—A treaty concluded with Napoleon whereby France received back from Spain her vast American province, called Louisiana.  
1814—Samuel Jones, U. S. S. *Porpoise*, captured the British ship, *Porpoise*, in the harbor of New York.  
1822—James Parton, writer, born at Canterbury, England.  
1828—Gen. John Alexander Logan, statesman, born in Jackson county, Ill.; died in Washington, D. C., Dec. 23, 1890.  
1831—Charles D. Durbin, legislator and ex-governor of the Maryland, born in Shrewsbury, England; died in London, April 30, 1890.  
1857—Nehemiah, admitted as the thirty-seventh state over the president's veto.  
1859—Died at Governor's Island, New York harbor, Gen. Winfield Scott Hancock, United States Army, aged 42 years; at Seattle, Wash., John O. Thompson, ex-congressman and arm of the house of representatives, aged 53 years.

## THE PRICE OF BARLEY.

In reply to what the Gazette said about barley, the Recorder remarks that "any man of sense knows that the McKinley bill never increased the value of barley of barley one dollar's worth, and those who assert the contrary do so to hear themselves talk."

Let us see about that.

Mr. Cleveland asserts that every tariff is a tax to the consumer for the full amount of the tariff. The democratic press echoes this doctrine, and, first, if you tariff the foreign article, you give the domestic article correspondingly. For instance, if you tariff the foreign woolen blanket one dollar, you give the domestic blanket a like amount. This is the democratic theory, the democratic argument. Our democratic brethren have been preaching this without limit or qualification. It is now rather late for them to deny that if the McKinley bill puts thirty cents a bushel on foreign barley, it raises the domestic article thirty cents, and our farmers get it. They can't deny their own promises nor our calculations from crop.

There was no short crop of barley last year. Contrary to the democratic theory, the two great barley producing districts are Canada and California, but California is so far away that excessive freights prevent its barley coming in serious competition with Wisconsin barley, leaving Canada as our great competitor. Canada's good authorities say will lose \$1,000,000 dollars on barley this year by reason of the McKinley tariff.

The schedule on cereals in the McKinley bill was made by a committee of farmers, and there is no doubt it has had a great effect on the price of barley, and has given the American farmer a good price for his product. Rock county had from the crop of 50,000,000 bushels to sell. Taking the democratic theory that a tariff raises the price for the full amount, any one can easily estimate the profit to the Rock county farmers. Now, why should any one say that a tariff on a blanket is one thing, and on barley another. The principle is the same, according to Cleveland. Don't say in one breath a tariff raises the price, and in another it does not. Don't!

Wire and wire out.  
Leaving a body still in doubt.  
Whether the snake that made the track  
Was going ahead or coming back.

An Oshkosh business man has hit upon a good plan to induce manufacturers to locate there. His idea is to have the city purchase a large tract of land that will be suited to the wants of manufacturers; then to issue bonds for the full amount of the purchase money. From this land a site can be given to any reliable concern that may be induced to come, there with the understanding that, in case they ever suspend or move, the land reverts back to the donor. This is, as large an inducement as any self-respecting city that is not proceeding on an inflated basis can afford to give and no doubt would be attended with beneficial results. At least it would be a fair start and would give any city a place in the general scramble that at present seems to be entered into by the various cities of the state for obtaining outside industries.

American Jews have set an example that all Christians may follow with profit. Their action in raising a fund of \$100,000 for the relief of their oppressed countrymen in Russia is the highest kind of tribute to their nobility of character. A Jew may never lose an opportunity to drive a good bargain, but he is not avaricious. But, on the other hand, he will not let one of his own kind suffer if generosity and fraternal sympathy will prevent it.

The Koch lymph is credited with expediting the departure of the first consumption patients it has tried in this country. Still, that should not lead to any hasty conclusion. It probably killed the bacilli, and overdid the business a little in killing the patient also. It is still on trial.

The mining camp representatives are said to have given up the hope of a free coinage bill from this congress. They are hopeful, however, of the next house, which is overwhelmingly democratic.

Dr. B. Mincer.  
The eye specialist, will be at the Myers House one day only, Friday March 27. Defective vision from congenital or acquired cause, successfully remedied when in the skill of the optician to remedy. Dr. Mincer has devoted his life to this work, and invites those who have had trouble in having the eyes fitted, or all in need of glasses, to investigate his method of adapting glasses to the human eye. Call and see him. Consultation and examination free.  
Respectfully,  
Dr. B. Mincer.

## WAGES CUT DOWN.

A Big Reduction in Salaries of World's Fair Officials.  
WASHINGTON, Feb. 9.—The Candler committee has been successful in the general result of the controversy in relation to the salaries and expenses of the Fair Commission. The director-general, however, is recognized as a National officer. Notwithstanding the views the majority held as to the fund from which the director-general should be paid, the efforts of Buttrworth, Adams, Taylor, Mason and Lawler, with the valuable assistance of Mr. Cannon as chairman of the committee on appropriations, convinced a majority that it would be unwise under existing circumstances to take away from the director-general's office the recognition as the executive head of the National commission. A compromise was effected by which the salary was fixed at \$7,500, and it is supposed that the local directory will supplement this sum by voting him an equal amount. As to other salaries, the Candler committee has been retained in nearly all respects by the decision of the House in committee of the whole. The item in the sundry civil bill appropriating \$15,000 for expenses of one meeting of the commission in 1891, and for one meeting of the board of lady managers in that year have been stricken out. The item for salaries of officers, clerks, stenographers, typewriters and other employees is reduced from a total of \$55,000, the amount recommended by the appropriation committee, to \$7,500. The estimate of President Palmer for the objects included in this item was \$70,000. This \$27,500 is itemized by the bill as follows: For the president, \$5,000; director-general, \$7,500; vice-chairman, \$4,000; secretary, \$3,000; and for clerical force, \$8,000.

The following items are unchanged: Rent of offices, \$7,000; stationery, printing, postage, furniture and incidentals, \$11,000; committee meetings, including meetings of the board of control when the commission is in session, \$10,000; for expenses connected with the admission of foreign exhibits, \$20,000; for expenses that can not now be estimated \$5,000. The appropriations for the board of lady managers are as follows: For expenses of two meetings of the executive committee, \$4,000; expenses of the sub-committee of eight, \$12,000; salaries of officers, clerks, stenographers, typewriters and messengers, \$10,000; stationery, printing, postage and incidentals, \$6,000; for expenses that can not now be estimated, \$5,000. For contingent expenses of the world's congress, auxiliary to the World's Columbian Exposition, \$2,500. The bill also appropriates \$300,000 for the continuing of work on the Government building for the fair and \$350,000 for the exhibit which is to be placed in it.

ONE OF THE FAIR'S ATTRACTIONS.  
CHICAGO, Feb. 9.—The Proctor steel tower which has practically been accepted by the Columbian exposition grounds and buildings committee will be completed in time to dedicate with the great building of the exposition. It will cost \$2,000,000, and more than half of the stock has already been taken. As modified to meet the views of certain directors, the Proctor tower will be 1,100 feet high, surmounted by a tall flag-staff. Ten elevators will carry passengers up the tower. Four of these will run from the ground enclosure to the first landing, which is 200 feet above the base. Two will run to the second landing, 400 feet above the ground. These will stop at the first landing, and two others will run to the second landing without a stop. From the second and third landings two will shoot up into the dome, 1,000 feet above the ground. The capacity of these elevators is 8,000 persons an hour or way, or 16,000 up and down. Officers of the company say that one of the greatest advantages of the tower will be the safety of these elevators. Two men will be detailed to manage each, and gates are to be so arranged that accidents will be next to impossible. One hundred persons in all will be employed in the management of the tower, most of them being detailed to the elevators, which will have a speed of 700 feet a minute. The three landings will furnish standing room for 80,000 persons, allowing four square feet to each. It is expected that a number of restaurants will be established on the landings. During the construction nets will be suspended around the structure in order to avoid fatal accidents, which greatly delayed the work of the Eiffel tower.

GREAT BRITAIN INVITED.  
LONDON, Feb. 9.—Lord Salisbury, the British Prime Minister, has received through the United States legation an official invitation from the United States Government requesting Great Britain to take part in the world's fair, which is to be held in Chicago in 1893.

Got a Pension by Fraud.  
CHICAGO, Feb. 9.—Catherine Egan, the widow of a New York soldier, confesses to having drawn a pension of \$100 a month for twenty-four years after remarrying John Ash, formerly city clerk of Alton, Ill., was her accomplice. They will both be sentenced in the United States Court at Springfield.

The Illinois Deadlock.  
SPRINGFIELD, Ill., Feb. 6.—Two ballots for Senator were taken in the joint assembly Saturday, neither resulting in a choice. The Alliance members and most of the Republicans were absent.

\$100 Awarded \$100.  
The readers of the Gazette will be pleased to learn that at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known by the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundations of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

Sold by druggists, 75 cents.  
It will pay you to look at the novelties in overcoats which Zeigler is now offering.  
To Nervous, Debilitated Men.  
If you will, under your address, we will mail our illustrated pamphlet explaining all about Dr. W. O. Coffee's Electro-Voltaic Belt and appliances, and their curative effects upon the nervous and debilitated system, and how they will restore you to vigor and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on trial.  
VOLTAIC BELT CO., Marshall, Mich.

If YOU ARE NERVOUS OR DEBILITATED try Dr. W. O. Coffee's Little Nerve Pills. Dyspepsia makes you nervous and nervousness makes you dyspeptic; either one renders you miserable, and these little pills cure both.  
When Baby was sick, we gave our Catarrh. When she was a Child, she cried for Catarrh. When she became a Woman, she clung to Catarrh. When she had children, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. When she had a sore throat, she gave them Catarrh. When she had a cough, she gave them Catarrh. When she had a cold, she gave them Catarrh. When she had a fever, she gave them Catarrh. When she had a headache, she gave them Catarrh. When she had a toothache, she gave them Catarrh. ## MAIDS IN CLUB HOUSES

A Janesville Writer Sketches Madison Chapters.

## LIFE OF FAIR STUDENTS.

Work and Play, Defiantly Blended Make It Very Enjoyable—The Tale of a Snake's Tail As Developed By a Professor's Inopportune Visit.

MADISON, Feb. 9.—[Special Correspondence]—"Gamma Phi Beta" and "Kappa Alpha Theta," expressed in the mystic characters of Greece, are the symbols which adorn the transoms of two unobtrusive little mansions in Madison town. No one knows the dark secret of their meaning, but the University "girls," as the lay killers of the University are called, can tell you that within these portals are enshrined the choicest bits of femininity, who are the deities of our temples of knowledge.

The chapter houses of the ladies' Greek letter societies are a new feature in University life, and a popular one. Dainty little parlors are decorated with the thousand little adornments which indicate feminine proprietorship. Chambers laden with the trophies of society favorites, Garman favors, class party programmes, mementoes of every sort, all combine to make life in a chapter and elysium of bliss.

One of the societies has even gone a step farther, as a well appointed culinary department is the pride of the society. Freedom from restriction of the hall, limited only by the rules laid down by the good sense for which U. W. girls are proverbial, combined with the effects of the mid eye of the chaperone, is not the least of freedom's charms.

Now, Madison girls are all known as quiet creatures. Nevertheless, the peals of laughter, the sounds of mirth and music, which often times come forth from these abodes of studiousness and maidenhood, would seem to indicate either masculine influence or girlish glee. But let it not be supposed that these society lodges are not conducive to good work in college. Far from it. Girls make up the Greek societies who are the leaders of their sex in everything pertaining to college life. Students, orators and debaters, as well as society favorites and leaders of the German, grow to cultured womanhood under their secret influence.

Refined and independent women, the university will turn out, even though in the exuberance of their youth, a toy snake and a string may have amused the girls. Thereby hangs a tail—it may be said a snake's tail. Some evenings ago the young ladies were amusing themselves by watching the consternation of the passers-by who happened to observe the queer antics of a toy snake manipulated by a string in the hands of ladies unknown to the house. All went well until by chance the tail form of a French professor loomed up before the window.

He appeared to watch that snake for some time, and finally walked to the door and rang the bell. Then there was confusion and such a rustling of draperies and soothering of young people is seldom seen. When the maid opened the door she and the professor were entirely alone. The tension was greatly relieved however when the professor who happened to be the owner of the house calmly requested to see the treasurer concerning his rent. Draperies, closets, and dark corners gave forth young ladies whose calm bearing and wonderful composure was a study to the awed masculine on-lookers.

The girls have a good time, their studies do not suffer and there is no harm done.

The young ladies' chapter house has come to stay.

## SHARPER AFTER G. A. R. MEN.

Veteran's Badge Used to Victimize Rock County Veterans.

Half a dozen G. A. R. posts in Rock county have been presented with a post record book during the last six months. The announcement of these presentations have made it easier, apparently to victimize the unsuspecting on a new form of an old swindle. From various parts of the county come reports that a canvasser has been around pretending to be securing dates for a local soldiers' history. The questions are cheerfully answered by all and as correctly as possible. After the information has been written on the unsuspicious informant is requested to sign it, being assured that it is only wanted as authority for publishing. After a few days those interviewed are furnished a \$15 history, and are surprised to find their signature to a contract agreeing to take the book. The canvasser is described as a man above middle age, dressed in blue clothes and wearing a Grand Army badge to further win the confidence of his intended victims. When last heard from he was securing names of veterans in and around Lima.

## MANY GRAND FEATURES.

Comment on Manager, Leavitt's Burlesque "Spider and Fly."

Seats for "Spider and the Fly" will not be on sale until to-morrow. The usual scale of prices will prevail—twenty-five, fifty and seventy-five cents. Of the attraction the New York Dramatic Mirror says:

"One of the big novelties of the season is M. B. Leavitt's gorgeous, spectacular pantomime, burlesque, extravaganza 'Spider and Fly,' which is a great show, and one that will surely meet with the requirements of the American public, as it embraces everything that is popular now-a-days, and with the theater-goers Comedy, burlesque, pantomime and specialty will be the order of things, with magnificent scenic effects, costumes and properties thrown in. The most realistic transformation, marvelous trick, mechanical effects, new and elaborate scenery, dazzling costumes, gorgeous ballets and enchanting music, and affording an entertainment of jollity, excellence, enjoyment."

Dr. Bull's Cough Syrup is fast taking the place of all the old-fashioned cough remedies. It never fails to relieve the most violent cold, and for throat disease it is invaluable. Price 25 cents.

Thou art doubly armed—my death and life. My hand and antidote are both before me. Whether to sit alone suffering with neuritis or try one bottle of Salvation Oil.

## WAS ANXIOUS TO WORK.

But Felt that a Stone Pile Was Not Conducive.

William Garry, alias "Bonner," will work for the first time in many, many moons. "Bonner" became possessed of sufficient money in some way, to get hilariously drunk this morning.

"Common drunkard" was the charge that Judge Patterson read to him in the municipal court, and Garry reluctantly pleaded guilty.

"Sixty days," said the judge.

"Your honor," said Garry as he gathered himself together long enough to stand up. "I want you to do me a favor, indeed I do. If you'll let me go I'll go to work. I don't want to go to jail. Hogan has a big stone pile down there. I don't tell the truth."

"You don't want to tell the truth? I don't think anybody ever charged you with that."

"I don't want to go to jail."

"Want to work, do you?"

"Yes, sir."

"Well, Sheriff Hogan can accommodate you."

Garry followed Marshal Acheson with faltering steps.

"You can see the stone pile from here," remarked the marshal as they walked down the sidewalk.

Garry groaned at the sight, but vouchsafed no answer.

HON. I. C. SLOAN GOES SOUTH.

He Will Try the Effects of a Winter in Florida.

Hon. I. C. Sloan, accompanied by his son, Horace G. Sloan, started for Jacksonville, Florida, at noon to-day.

Mr. Sloan has been in poor health for some time past, the muscles of his face having been partially paralyzed, and it is thought that the climate of Florida will prove beneficial. It is hoped to be well founded Mr. Sloan will remain in the south until April.

BRIEF LOCAL NOTES.

Mrs. A. O. Kent is visiting Chicago friends.

A. W. Longley, of Chicago, is in town for a few days.

Fred M. Hanchett spent Sunday with Madison friends.

Miss Hattie Okune, of Chicago, who has been visiting Miss Marie Okune, returned to her home to-day.

Clarence Burdick, advance agent of the Dank's Opera Company, started out today.

There is a scarcity of first class home-made butter in the Janesville market at the present time.

Peck & Furman's Uncle Tom's Cabin company are at the Myers. There are twenty people registered.

The advance sale of seats for the Bonions, began with a rush, and at 12 o'clock a large part of the house was sold.

Should you wish to try your agility on rollers you will find a fair assortment of skates sold cheap at Hanchett & Sheldon's.

The Battery party will not be given to-night owing to the fact that music could not be secured. It will be given to-morrow evening.

There may be money as well as pearls in the river clam. The shells are said to furnish valuable button material, and factories are being started to utilize the product.

The Concordia annual masquerade, the masquerade ball of the season, will be given at Concordia Hall to-night.

The tickets are only fifty cents, and the ball is open to the world.

The store lately occupied by Shea & Sons, next to the postoffice, best location in the city, is offered for rent. Enquire of Shea & Sons, directly across the street, 1st floor up stairs.

All members of Miss Fox's Sunday school class are requested to meet with the Tiddley Wink Club at Miss Louise Whitton's home, No. 3 Linn street, Tuesday evening, at 7 o'clock, sharp.

Every Knight Templar in the city is invited to be present at the banquet to-morrow evening. If any have been overlooked by special invitation this general invitation is intended to reach them.

Don't you believe it when you are told that we carry none but the highest priced footwear. We have no poor goods, but are prepared to meet any legitimate competition. We are loaded to supply all classes of trade. BECKEN on the bridge.

A very successful tableau-entertainment was recently given in New York, the subjects being taken from illustrations in the current magazines. The idea is a simple one, and if the subjects are well chosen it can be made very interesting.

Stores may come, and stores may go. But we go on forever—SELLING GROCERIES. Why? Because I advertise, and give you just what I agree to. I want your cash. My "annual" sale is larger this season than ever. Get my prices on all groceries. FRED VAN KIEKE, West Milwaukee street.

Without doubt we have the best line of school shoes ever shown in this market, though prices on them are no higher than you have always paid. From the amount we are selling of them it would seem they are appreciated. BECKEN on the bridge.

Brown willies swimming in maple syrup furnished the attraction at Post Hall Saturday evening. In one of the waffles the ladies of the Rectory society had baked a gold ring. Miss Aggie Kirk was the finder, and may lay it to the ladies of Christ church rectory society if she is married within the year.

TO-NIGHT'S PROGRAMME.

"Uncle Tom's Cabin," at the Myers.

Regular meeting of the common council.

Janesville Lodge No. 55, F. and A. M., at Masonic Hall.

Badger Council No. 223, Royal Arcanum, at Good Templars' Hall.

Washington Camp No. 1, Patriotic Order Sons of America, at Liberty Hall.

ASK AND YOU GET IT.

Use Gazette Advertisements and Secure Whatever You Want.

Have you tried the Gazette's small advertisements? If you have not you are missing a good thing.

Do you want servants? Do you want a coal stove?

## LOCAL CHURCHES.

Janesville Priests at the Milwaukee Conference

## TRINITY MISSION ENDED.

Rev. B. Fay Mills to Visit Janesville in June and to Conduct Revival Services at the Congregational Church—Other Religious Notes.

The names of Dean E. M. McGinnity and Rev. R. J. Roche, of the city, appear on the roll of the newly organized "American Catholic Clerical Union of the Province of Milwaukee." The union embraces the arch-diocese of Milwaukee and the dioceses of La Crosse, Green Bay and Marquette. An aggressive organization similar in character has long existed among the German Catholic priests of the state, and this new organization of the American priests is along the same line in purpose.

"There is more in the society than that, however," said a Janesville Catholic this morning.

"For a long series of years the German-speaking clergy in the church in Wisconsin has been steadily gaining supremacy until the English-speaking portion feel that the German brothers are prepared to command whatever they wish at the hands of Rome, without regard to the feelings or wishes of the English-speaking minority. The English-speaking portion very naturally feel that, although the German-speaking clergy row out number them more than three to one in the arch-diocese, the English-speaking laity, numerically speaking, is fully as strong as the German laity. The appointment of Bishop Kater to the archbishopric of Milwaukee was a great disappointment to the English branch of the church, and has consolidated and strengthened the feeling among the English-speaking portion of the Catholic clergy that there was need of organization for the maintenance of their rights in the church as obedient Catholics and American citizens. The meaning of the new organization will prove to be, I think, that all the high offices in the church in this province shall no longer be monopolized by Germans if the American clergy can prevent it."

Archdeacon Wabber closed his mission at Trinity church last evening. There were no chairs in the aisles, for there was no room for chairs. Every inch of standing room was filled by 7 o'clock, and at 7:30 when new throngs came from other churches, the crush was still greater. The archdeacon's topic last evening was "God's Love." In the afternoon he spoke to men only, in the Congregational church, addressing a congregation of nearly eight hundred.

It is announced that Rev. B. F. Mills, who stirred Beloit so deeply during the last month will visit Janesville in June. He is to conduct revival services in the Congregational church.

Two new members were taken in on letters at the First M. E. church yesterday. The pastor's sermon was on "Parity and Maturity."

DEMOCRATS ON A STILL HUNT.

They Seek to Gain Control of the County Board.

The democratic managers are now on a still hunt in Rock county for the purpose of gaining a majority in the next board of supervisors. Their game is a cunning one, yet it is one easy of interpretation and when interpreted its guises are plainly seen. They represent that the board of supervisors is a corrupt body, and urge the voters in townships strongly republican to throw party aside and call people's caucuses. They also instruct the democrats of these towns to turn out en masse and by all means to secure the nomination of a democrat for chairman.

"You secure the nomination of a democrat as chairman, then show your part-partan feeling by giving the republican all the other offices. By adopting this course we shall gain control of the county board of supervisors," is the way the managers instruct their hearers.

Republicans may rest assured that no effort will be lost on the part of the democrats in order to win the control of this body. Republicans, therefore, knowing that they have men as true and honest as any democrat, should be on their guard, and not allow themselves to be entrapped by any such schemes.

LECTURE TICKETS SELL FAST.

A. D. Jackson's Project Received with Much Favor.

The sale of tickets among the business men, for the lecture at Myers Opera House February 17, for the purpose of advertising Janesville in the east and south, has resulted in securing a long list of names. This will guarantee a large audience. The public can now obtain tickets at the following places: A. F. Hall & Co., Heintzelman's, Palmer & Stevens, King & Shelly's, Brown's cigar store, Prentice & Evenson's, Stearns & Baker, Sherer's, and McLean's drug stores. As the people of Janesville are always ready to support an entertainment for the benefit of a worthy purpose, they will no doubt make no exception of this lecture which is to make known, to people elsewhere, the advantages and attractions of the Bower City.

ANSWERED DEATH'S CALL.

Mrs. Michael Murphy.

Mrs. Michael Murphy, 160 Gold street, fifth ward, died very suddenly last evening of heart disease, aged sixty-eight years. Mrs. Murphy was an old resident of the city, an aunt of City Treasurer Murphy, and was a woman highly respected by a large circle of friends. She leaves two daughters to mourn her death. The funeral will be held from St. Patrick's church at nine o'clock tomorrow morning.

Inventions of the 19th Century.

The steamboat, the reaper, the sewing machine, as running by night and by day. Houses lighted by gas and heated by steam. And bright electricity's ray.

The telephone's click speaks like lightning released. The electric light's glow like a star to excel it. And to put on the finish, the last but not least, is the famed little Purgative Pellet.

Let not least in Dr. Pierce's Pleasant Purgative Pellet, because it relieves human suffering, adds to the sum of human happiness, and enables the relieved sufferer to enjoy all the blessings and luxuries of the age we live in.

Celestials Made Glad.

The Chinese new year began Saturday night and was celebrated quietly yesterday by the Celestials of the city, who indulged in certain festivities and ceremonies and gave themselves up to various pleasures, including an opium smoke.

For any case of nervousness, sleeplessness, weak stomach, indigestion, dyspepsia, try Carter's Liver Nerve Pills. Relief is sure. The only nerve medicine for the price in market.

Tickets to New Orleans.

The Chicago, Milwaukee & St. Paul railroad company will sell round trip tickets to New Orleans for the Mardi Gras to be held February 10, 1891, at \$26.50. Tickets will be sold February 8 to 8, inclusive, good for return until February 12. The transit limit being two days in each direction.

CARRY A STRONG BRAND.

Peck & Furman's "Uncle Tom's Cabin" Co. On the Street.

Fifteen mercurian dressed in navy red uniforms decorated sweet music at the corner of Main and Milwaukee street this noon. They were the band that makes up one of the features of the Peck & Furman Uncle Tom's Cabin company. Of this company the New York Herald says, "Will innovation never cease? The latest is two Topsy and two Marks, Sr., and Jr., in Uncle Tom's Cabin, as introduced by Peck & Furman's Double Mammoth Uncle Tom's Cabin Company at Booth's Theatre during the past week. The introduction of this novelty is, no doubt, one of the principal causes for the enormous business to which this company is continually playing."

DIED OF DIPHTHERIA.

Five Year Old Thomas Blackledge Succumbed to the Dread Disease.

Thomas Blackledge, aged five years, died this morning of diphtheria, at the home of his aunt, Mrs. Helen M. Webster, South Jackson street. The little boy had been sick only a few days. His mother is now in California. The funeral, which was strictly private, was held from Mrs. Webster's home at four o'clock this afternoon, the interment being made at Oak Hill cemetery.

GENERAL DOE IS BETTER.

The Boring of an Abscess in His Throat Brings Relief.

Adjutant General J. B. Doe, who has been confined to his home in this city for the past ten days suffering from an abscess in his throat, is now rapidly recovering, and hopes to be out in a very few days. On Friday the abscess broke, greatly relieving the patient, and he became better at once. His physician thinks he will be all right in a day or two more.

WILL FORM A NEW TEMPLE.

Local Temperance Workers Enlist Many Young People.

Another Janesville Temple will be organized in the old library room over the Chicago store next Saturday evening. The east side temple is now full—thirty-two children being initiated last Saturday. The Good Templars' hall is large enough to accommodate but one temple, hence the organization of a second.

A STORM IS COMING.

The Local Weather Bureau Holds Cold Weather Flags.

Forecast for Janesville and vicinity—Colder with snow, and northwest wind. The temperature at 7 a. m. yesterday was 3 above, and at 1 p. m. 36 above. To-day the observations made by E. B. Heintzelman showed:

A. N. JONES GETS THE STOCK.

The J. H. Jones Matter to Be Tried Next April.

## WANT LIGHT ALL NIGHT

Street Lamps Discussed By Aldermen.

## WORK FOR THE COUNCIL

Proposition Made to Keep Down Town Thoroughfares Lighted All Night—New Suggestions as to Motory Bridge—Three Electric Light Plants.

There is likely to be important business considered at the regular meeting of the common council this evening. Now that an amendment to the city charter has been proposed increasing the gas fund two thousand five hundred dollars, the question of keeping the lights going all night may come before the council. Many people, especially those coming home on night train, as well as people who are compelled to be out nearly all night, are now left wholly in the dark. It is claimed that so far as benefiting the city as a whole is concerned, the lights might as well be extinguished at 9 o'clock as at 11 and 12 o'clock.

The New Gas Light Company's application for a permit to put in an arc and incandescent light plant, for the purpose of competing for patronage in lighting the streets, stores and private homes, will, undoubtedly, be considered tonight. Some more definite action concerning the new iron bridge at Monterey may also come before this meeting. Bridge builders will have their representatives at the meeting to show the aldermen the superiority of their plans and endeavor to gain favor.

Several civil engineers are corresponding in relation to plans and specifications for a sewerage system, and this question may require further action by the entire council.

MUCH LEAF BROUGHT IN.

Local Warehouse Active—Most of the '90 Crop Taken Down.

Large quantities of tobacco were delivered at the local warehouses during the last week, the weather being most favorable for handling the leaf. Growers are receiving their money from the buyers, and all branches of local trade feel the effects. The greater part of the '90 crop has been taken down and is now ready, or nearly ready for delivery, and it is no uncommon thing to witness long processions of teams drawing heavy loads of the leaf in bundles through the streets to the warehouses.

The Tobacco Growers' Association starts out this week with the same amount of help as last week, and in very good spirits. The novelty of the thing has passed off, and the officers are down to every day business, and they are assured that the warehouse will be filled up with tobacco this week. A number of inquiries have been made about the packing of this year from eastern buyers, and two direct orders for old tobacco that is in the warehouse for sale.

A few buyers are still riding through the country picking up that portion of the crop not yet sold. Prices remain unchanged.

Sales of seed leaf tobacco reported from New York, by J. S. Gans' Son, tobacco broker, No. 131, West Water street, for the week ending February 9, are:

911 cases, crop of 1889, Pennsylvania Seed, at 12 1/2 to 14 cents.

625 cases, crop of 1889, Pennsylvania Seed, at 9 to 10 cents.

250 cases, crop of 1889, Pennsylvania Havana, at 18 to 20 cents.

800 cases, crop of 1889, Wisconsin Havana, at 8 1/2 and 12 1/2 cents.

100 cases, crop of 1889, Zimere Spanish, at 18 to 20 cents.

120 cases, crop of 1889, New England Havana, at 14 to 15 cents.

150 cases Sundries, 7 to 35 cents.

Total, 3101 cases.

INDIANS WOULDN'T LET HIM.

C. H. Williams Explains Why He Is Held on His Paper.

If all delinquent subscriptions had as good a reason for not paying as C. H. Williams, there would be little ground for complaint. Mr. Williams writes:

EARLING, Feb. 2.—Perhaps an explanation from me is in order, after receiving requests from you to pay, and not doing it. The reason is that I live within a few miles of the Bad Lands, where the Indians roam about and read about it, and I could not go to Chamberlain to send the money, on account of leaving the ranch and stock, for the nobles to eat. We get our mail here the best we can, but cannot send money from this post office.

I wish that you would continue to send me the paper, and upon my first trip to Chamberlain for supplies, I will forward you the money. I was born and raised in your country, and my father, an old soldier, lies buried in your country. I have many friends and relatives in and around Janesville, being a nephew of W. F. Williams of your city.

It will be of any use to you, I will send you an article upon the Indian trouble, and their life and habits. I am aware that you eastern people think that they are a much abused class of people, but we western people fail to see what they are going for.

C. H. WILLIAMS.

WILL HEAR MISS HILTZ.

(s) "The Little Girl," by J. S. Gans' Son.

## THE FELLOW IN GREASY JEANS.

Why? How the drivers handle! We are late by an hour or more. We way and swerve on the raming curve. And the bridges rock and roar.

## SINGERS WENT LIKE BULLETS.

Record From St. Paul to Chicago Broken By a Special.

A special train composed of two baggage cars, two coaches, one sleeping car and one
